

Policy for Promotion of Research

Research and extension activities are an integral part of teaching in all Higher Educational Institutions. Presidency College (Autonomous), Chennai is one of the pioneers in promoting research culture among the students and staff members. This document contains some insights into the research policy and promotional activity of our college.

- ❖ The Institution supports the faculty and researchers to achieve their research goals by providing a feasible environment for their engagement in research and also by connecting industries and improving collaboration with other universities both in India and abroad, who are in consensus with the vision and mission of the institution.
- ❖ Providing generous seed funds for young assistant professors to set up their laboratories and start their research and also encouraging them to apply for various research projects.
- ❖ The eligible faculties are motivated to guide Ph.D. research scholars in accordance with the Ph.D. Regulations of the University of Madras.
- ❖ The Institute also plans to establish an Intellectual Property Rights Cell to assist the researchers to get protection for their inventions and intellectual properties.
- ❖ Promoting Innovations, Incubation and Entrepreneurial Development among the teachers and students which will in turn lead to more patents and copyrights.
- ❖ Regularly upgrading the infrastructure facilities like the digitized library, science laboratories, English language laboratory and internet / wi-fi connection to make the research work more feasible.
